n/b

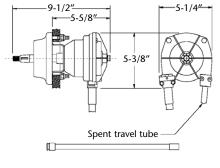

AT A GLANCE

FEATURES

- Patented No FeedBack
- Steering mechanism • 3.0 turns from lock-to-lock
- Standard 3/4" tapered steering shaft
- Available either as separate components or as a complete system ready to install
- Fast, easy installation: uses Teleflex Quick Connect (QC) cable and standard Safe-T mounting pattern
- Tilt option available

NFB SAFE-T II PREMIUM MECHANICAL ROTARY STEERING FOR OUTBOARDS

TECHNICAL DATA

Delivering additional comfort and safety on today's outboard power boats (V4 max) locking out the torque felt at the steering wheel generated by the rotation of the propeller. Replaces standard Safe-T® steering without dash modifications. For single station use only.
